Full documentation for the up-date will be filed on Sedar during the next month. Most zones at El Valle and Carles, including Area 208, East Breccia, El Valle Fault, Charnella South, Monica and High Angle 1 and 2 are open. Zones 107 and BSN are open to the west and at depth. Underground exploration drilling is planned for 107, BSN, Area 208 and East Breccia in 2008 to expand resources in these areas..."
